

Apple Macbook (Early 2008, Polycarbonate)

A1185 | Macbook 4,1

My first Macbook! Pleasantly surprised by how nice it feels for its age, just a shame it can't run anything newer than Lion thanks to the iGPU drivers.

Jul '19: Top case (Keybd/Touchp/Pwr) flex cable replaced **Sep '19:** Top case (Keybd/Touchp/Pwr) flex cable replaced
